In regards to: Sponsorship of Grey production - 'Guys & Dolls'

Thespian Society
185 Heugh Road
Walmer
Port Elizabeth
6070

Dear Sir or Madam:

The Grey High School would like to take this opportunity to formally ask for a sponsorship from the Thespian Society for the upcoming production of 'Guys & Dolls'.

The reason for the production is to raise money for a multimedia laboratory that will be used for the production of promotional and school videos, graphics and animations for the school web site, as well as photographs for the school magazine (which will most definitely include photographs of this production and also key promotional material).

This sponsorship would be best appreciated in a monetary value. In return, Grey High School will be willing to advertise the Thespian Society on all promotional material. As there are also other sponsors involved, we would only consider asking for a sum of 12% of the amount still needed for the completion of the multimedia library, which would be a value of R3700.

We hope that you will consider this proposal and reach a fortuitous decision.

Cordially,
Grey High School PE
